Subject Transfer of Pumping Unit installed near Kempambudhi tank to the City Municipality, Bangalore City, for maintenance

---

I have the honour to state that with a view to prevent the sullage water from entering into the Kempambudhi tank, a pumping unit was installed near the tank about the month of September 1946 To operate the Pumping Unit, one Mechanic and an Assistant Mechanic were appointed for a month in the first instance from 1-10-1946 on a pay of Rs 40/- and Rs 25/- P M respectively as a measure of trial subject to the condition that if their work was found satisfactory, their appointment would be continued, the Mechanic's pay being increased to Rs 45/- P M from 1-11-1946

2 These arrangements were made with the approval of the Board only as an urgent measure and purely on a very temporary basis The Pumping Unit is thus being worked since October 1946 As this is a maintenance work to be attended to by the City Municipality, it is proposed to trans-fer the Pumping Unit to the City Municipality from 1st January 1947, terminating the services of the Mechanic and the Assistant Mechanic on the 31st December 1946 I therefore request that necessary arrangements may kindly be made to take over charge of the Pumping Unit from 1-1-1947

3 As for the establishment required for operating the plant, the same establishment that are working here may be continued if necessary, or, the Municipality may have their own Agency If, in the former case, since their appointment exceeds 3 months (as they were appointed on 1-10-1946), necessary formalities required under Note to Rule 15 of the rules issued in G O No 6-105/C R B 1-34-1 dated the 3rd July 1934 may be observed and action taken to continue them in consultation with the Public Service Commissioner in Mysore, Bangalore

3 The favour of a very early reply as to the action proposed to be taken in this behalf is requested
